

● Instructions ●

1. Cut out the diagram along the dotted square line
2. Fold the paper backward along the line ① ———
3. Fold the paper backward along ② · ③ and unfold
4. Fold the paper backward along ④
5. Fold the paper upward along ⑤ — · · —
6. Make a crease sits at the top (like the peak of a mountain) along ⑥ and at the bottom (like a valley) along ⑦
7. Bend the folded paper backward along ⑧
8. Fold the paper backward along ⑨ and unfold
9. Fold the paper upward along ⑩
10. Bend the folded paper backward along ⑪

Now you have your own express train !!

Be careful not to hurt yourself with scissors or the paper edge

Complete Image

—————
This line represents the "Mountain Fold." For a mountain fold, the crease points upwards and the paper is folded behind.

— · · —
This line represents "Valley Fold." For a valley fold, the crease is at the bottom and the paper is folded together to form a "V" shape.
